the adventure holiday of a lifetime it had been billed as the holiday of a lifetime a destination with everything a holiday maker could possibly want there were towns and cities where they could shop until they dropped and beaches clubs and nightlife with all kinds of exotic food and drink and anything else they might feel like trying there were desserts that stretched into infinity mountains that scaled incredible heights and seas that could challenge even the most jaded pallet for those of a quieter persuasion there was an abundance of gently rolling countryside in which to relax so just where did it all go wrong just when was it that their dream holiday turned into the holiday from hell for many people on our planet this could be said to be an apt description of their journey through life from the pain of individual relationships to the devastation of natural disasters and wars it's no wonder we sometimes question the reasons we are here the holiday from hell describes our spiritual journey from the beginning of our holiday on the earth plane to the end of our time in this physical body it argues that if we change our perceptions of why we are here and begin to understand the origins of some of our political and religious conflicts we can at last begin to enjoy our lives
